

## Technical Data Sheet

### HPC -0409 INSTA DEGLAZE

Deglazing and Conditioning Gel for Rollers and Blankets

- Features** :
- High quality roller and blanket deglazer and conditioner in gel form
  - Quick drying and non-chlorinated
  - Cleans up and deglazes deeply through penetration prior to change over from dark to light shade
  - Removes dried ink particles and embedded glaze quickly
  - Reconditions rollers/blanket and maintains shore hardness of rubber rolls if used regularly

**Application** :

**For Blankets**  
Apply deglazer gel uniformly over the blanket and keep for some time till it finishes the deglazing action, then .wash blanket with water.

**For Rollers**  
Remove the wet ink, apply deglazer on distributor roller, run for 3-4 mins place wash up blade and clean the rollers with water.

**Packaging** : 1 Kg

**Properties** :

<b>Colour</b>	Pale yellow
<b>Odour</b>	Characteristic
<b>pH</b>	9 - 11
<b>Clarity</b>	Transparent Gel
<b>Appearance</b>	Transparent Gel
<b>VOC content</b>	20-25%
<b>Cleaning Action</b>	Satisfactory
<b>Flash Point</b>	62°C
<b>Specific Gravity</b>	Approx.1.0
